Volunteer Firemen Elect Jake Lawson As New Fire Chief

Jake Lawson, local gas company manager, was elected chief of the Hamlin Volunteer Fire Department when members of the group met in annual business session last Thursday night. He succeeds Lee Hastings.

Lawson was fire chief in 1954 Others officers named at the session were: Jack White, first assistant chief; Earl Johnson, second assistant chief; J. D. Cochran, president; J. D. Josey, vice president; Bill Thompson, secretary-treasurer: June Jones, as-Cunningham, drill captain; Travis Billy Reynolds, drill captain for tain for Group 2; Rev. Victor Ortiz, chaplain. T. W. (Mickey) McGuire was reelected as a member of the pension board. Joe Josey, four-year-old son of Mr. and Mrs. James Josev, was made mascot of the department.

The business session followed a steak supper served by Mr. and Mrs. Gus Travis.

Pie Supper Slated at Neinda Saturday Eve

A pie supper will be featured Saturday night at the regular community get-together at the Neinda community center, leaders announced this week. The public is invited to the event which will start at 7:30 o'clock. Community attendants are incold drinks will be available at the community center.

Traffic Blockade **Slated Saturday** By Civic Groups

Early response to the annual March of Dimes campaign to raise funds for the National Foundation for Infantile Paralysis in Hamlin community has been good so far, according to J. D. (Dicky) Ferguson, campaign chairman.

Reply envelopes containing contributions are being received in every mail, Others who have received the pink envelopes with reply enclosures are urged to remit to this worthy drive that supports the continuing fight again polio. Most of the money remains in the county for treatment and inoculation of county residents, county polio association leaders point out.

About \$67 was raised in the sale of balloons Saturday at the bank corner by girls of the freshman class of Hamlin High School, eported Mrs. Joe Wayne Carter,

of the Rotary and Lions Clubs. Motorists will be asked to contribute to the drive for traffic passes. Weldon Johnson is in charge of the blockade.

Lee Grabel Show Nets \$56 for Pool Fund

Splendid show but a poor turnout-this was the report from the presentation last Saturday night of the Lee Grabel show at the high school auditorium.

Sponsored by the Hamlin Foundation for benefit of the swimming pool fund, the show netted about \$56 for the fund, declares W. T. Johnson, member of the foundation executive committee.

Square Dance Group Sets Benefit for Polio

Members of the Hamlin square dance group will sponsor a round dance on Saturday evening, January 28, for benefit of the March of Dimes, it is announced this week. The dance will be held at the Witt cabin at the Hamlin West Lake.

The hall and music will be furnished free of charge, and all proceeds will go to the March of

OUR MARCH OF DIMES BUYS LOTS OF THINGS

Since the close of the wars, a number of the drives for funds have not been pressed in the Hamlin community, such as major donations for the Salvation Army, the U.S.O (United Service Organization) and others. But a number of other campaigns for funds con tinue to reed our support for funds. One of the principal drives that is noteworthy is the annual March of Dimes

Proceeds from the March of Dimes are used right here at home, with only a small proportion being sent out of the county. Our own children and our neighbors' children receive direct benefit through vaccination and actual assistance.

In 1955—the year in which the Salk polio vaccine was given to the world by March of Dimes research—some 30,000 Americans were stricken with infantile paralysis. Itw as the eighth consecutive year of the worst polio epidemics of all time. Millions of thildren were protected through vaccine supplied by the March of Dimes. But, among the inprotected, polio still tookits terrible toll.

No vaccine can help the stricken. They arec rippled now. Their victories do not make headlines. The smallest movement of a

finger . . . a few blessed hours out of an iron lung . . . learning to breathe by gulping air, like a frog . . . taking a single step on crutches . . .

These are the small conquests that spark the existence of the stricken. These are the victories over polio which they earn through the courageous effort—and your help in the March of Dimes.

Step by step, aided by the March of Dimes, fourteenth in the United States. those once without hope are hitting targets which, for them, spell victory over polio.

Their flight is a costly one. In 18 years, of Gaylan Robertson, son of Mr. your March of Dimes has provided more than \$223,000,000 in patient aid alone. The result: Human lives saved-men, women and children who will work and play again, free from the insult of crippling polio.

To live again—this is the ultimate goal of the stricken—to be a person again . . . to support a family, to keep house, to go to fice of county treasurer. school. These are victories over polio which must be won today, tomorrow and for years to come—through the March of Dimes.

Hamlin community people, cognizant of the great work being done against polio, will January 11, 1946: give generously this month to the March of Dimes. Of this we are certain.

A Challenge for Us

Is there a place in our town for the young man? Is it true that "young folks don't have a chance in our town?" If a boy's father does not have a good farm or a well established business into which he can step, what are the opportunities?

Our boys go away to college or perhaps they seek work as they finish high school. In either case, is there a place for them here? Are they staying to make the town bigger and beter or do they find opportunity so restricted here that they are compelled to leave in order to use their abilities? Have we done all we could to provide opportunities?

And, while we have not spoken of them, we are thinking of our daughters. too. What does the future hold for them in our town, if the vast majority of our wide-awake, capable and progressive young men go elsewhere. to make their lives? There is a challenge there for all of us as citizens of this town. Can we meet it?

Haste Makes Waste

"Haste makes waste" is a copybook maxim as familiar to most of us as a pair of old shoes. And it's no wonder, for the idea is a very old one in our culture.

The sentiment appears as early as the first century in the writings of Plutarch. And the phrase, "Haste maketh waste," apparently had been in the English language a long time when, in 1546, it was published in a collection of English proverbs and colloquial sayings.

When any folk saying survives through the years as this one has, the reason quite possibly may be that the saying expresses some basic

Certainly we can find plenty of truth in the old, simple phrase when we apply it to our modern, complex traffic picture. For on our streets and highways haste often makes waste.

According to the Texas Safety Association, nearly three out of 10 drivers involved in fatal traffic accidents in 1953 were violating a speed law-either exceeding stated speed limits or driving too fast for conditions. And this figure, of course, does not include accidentsw hich resulted only in injury or property

So it might be said, in traffic, that speed wastes lives. And that it also wastes work, time and health. And that it run up an annual bill of damage to property. Then, too, it has been established that fast speeds of motor vehicles take more gasoline and oil, wear out tires faster than would the same distance traveled at slower speeds.

Forethought Is Vital

"Really, now you ask me," said Alice very much confused, "I don't think . . ." "Then | dition released this week by the you shouldn't talk," said the Hatter.

All of us should follow the advice of the Hatter and think before we talk. Especially should be think before we speak of others in a critical manner. Petty criticism lowers this week. you in the estimation of the person to whom | Bill Armstrong was the first you are talking; and in addition it destroys confidence, as he feels that soon you will be criticizing him.

Think before you talk. A leading civic No. 1. club has a wonderful code of ethics that typifies what we are trying to say: "To be careful with my criticisms and liberal with my praise; to build up and not destroy."

BIGGEST OF THE BIG 3 -and mighty proud of it!

We've said it before, and we'll say it again:

If you can afford any new car, you can afford a Buick - and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars-naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick-for over two years run-

That means Buick prices are well within reach of more and more people-thanks primarily to the budget-tagged Buick Special, like the one pictured above.

And that's the whole point of the

For this low-priced Buick Specialso close in cost to the smaller cars - is so much more automobile for the money, it's the stand-out buy of

It's the biggest of the Big 3 in power thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coilspring ride-in the sweep of its styling - and in the pure thrill of its performance.

For where else but in Buick can you

get the nimble getaway, the gassaving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Dynaflow?*

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the moneybut nothing to how proud you'll be when you boss a new Special. Can you come in tomorrow?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

Announcements for **Political Office**

The Hamlin Herald is authrized to announce the following candidates for office, subject to action of the Democratic primary election on Saturday, July 28, 1956:

JONES COUNTY:

For Representative, 85th District: MOYNE L. KELLY

For Commissioner, Precinct No. 1 JOHNIE AGNEW

Representative Kelly Asking Reelection to District Office Again

Moyne L. Kelly of Afton, serving his first term as representative from the 85th Texas Representative District, has authorized The Herald to announce his candidacy for reelection to the post.

Kelly wa snamed to the office about a year ago to fill the unexpired term of David Ratliff of Stamford, when he was elected to the State Senate position made vacant by the death of Harley Sadler of Abilene.

The 85th District is composed of Jones, Stonewall, King and Dickens County.

Kelly is holding his first public office, having spent most of his previous adult career in the school

Dodge presents...The TEXAV"

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too . . . specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious . . . rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

The Texan

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier_you feel safer_in THE BIG M

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling,

Easier riding and handling on sharp turns-new comfort on bumpy roads-widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel THE BIG M's reflex action firsthand-how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of THE BIG M's new SAFETY-SURGE V-8 engine-how it takes the tension out

of passing, makes hill-climbing as effortless as breathing.

You'll discover the new peace of mind provided by THE BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

BIG 4 OF THE BIG M

1 NEW REFLEX-ACTION PERFORMANCE. THE BIG M responds to your every command—go, stop, climb, pass—quick as an athlete's reflex. On all roads and curves, Mercury adjusts instantly, auto-

New long, low profile. Distinctive Flo-Tone color styling. Clean-lined beauty for young-minded people.

matically, for your ease and comfort.

3 NEW SAFETY-FIRST DESIGN. Widest choice of safety features; impact-absorbing

steering wheel, safety door locks at no extra cost; padded instrument panel, safety belts, optional. 4 PROVABLE VALUE.

Low price when you buy -low cost while you drive. For 4 years best resale value in its field. Many dividend features for greater performance and convenience

FOLKS RAVE about eggburgers.

Just scramble eggs with chopped green pepper, tomato and onion.

Season. Spoon on hot toasted buns and pass the ketchup.

NEW TWIST to the ever-popular cinnamon toast. Toast bread and spread one side with butter. Top with thinly sliced bananas; sprinkle with cinnamon-sugar mixture and bake until bubbly.

GOOD COMPANIONS are het buttered cauliflower and creamed chipped beef. A vegetable is a nifty substitute for the usual toast.

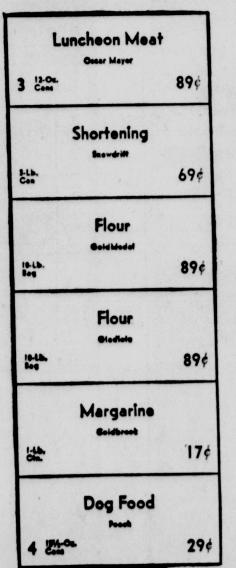

WHAT'S COOLING? Avecades. They should be nice and chilly for the dinner appetizer made by dressing cubed avecade with equal parts of sour cream and chili sauce, spiked with lemon fuice.

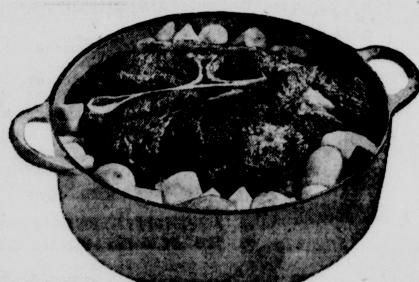

FOR BRIGHTER GREENS: Perk up lettuce, cabbage and other greens by plunging them in salted ice water mixed with a bit of vineagr

SWEET IDEA this Sweet Potato Ambrosia. Mash hot sweet potatoes, adding enough orange juice to make them fluffy. Heap into casserole, dot with butter and sprinkle with coconut. Bake until coconut toasts.

ENTERTAINING IDEA: Cut potatoes into fingers as you do for French fries; scallop them your usual way and sprinkle with poppy seeds just before serving.

GO STYLISH with green beans simmered in consomme or bouillon.
When they are tender but still slightly crisp, stir in hot cooked mushrooms.

Dear triends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive: and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

School Cagers Win Anson Consolation

Hamlin Junior High School's boys' basketball team won the consolation trophy at the Anson grade school tournament held last week-end.

Albany defeated McCaulley for the boys' championship by a 38 to 34 score, taking the tilt in the last two minutes of play.

McCaulley girls lost to the Lueders girls, who took consolation. Girls winners were Roby, first; Anson, second; and McCaulley.

Hamlin boys dropped their opening game to the Anson juniors by a 37 to 15 score. The defeat dropped Hamlin into the consola-

Friday night Hamlin defeated Lueders 34 to 10, with Billy Jack Perryman ringing up most of the

In the consolation finals Hamlin defeated Rotan 32 to 178 to bring home a trophy.

Hamlin's team is composed of Billy Jack Perryman, Billy Hallmark, Ken Prewit, Glenn Lewis, Durwood Boyd, Dwight Griggs Victor Criswell, Tommy Bonds. Sammy Bryson, Bill Maddox, Arlon Baize, Ronnie Rowland and Sam Mack Hodges.

Hamlin Junior High girls lost both of their games, bowing to Anson 22 to 11 and losing to Mc-Caulley 16 to 6.

Girls making up the team are Brenda Fincannon, Martha Gage, Kaye Milliorn, Rebecca Ferguson, Barbara Cheshier, Judith Ford, Bunny Patterson, Pat Kelly, Ann

rated one of the game's finest scouts, and is considered by fellow Both games were considered decoaches as a top strategist in the cided upsets. field of defense.

Not that his offensive ability is lacking, since his teams are always among the better elevens. but his defensive formations are famous throughout the South-

The Miners might line up in any defense from a four-man line to a 10-men line, even in the same ball game. But, as he says, "It is not how they line up, but what they do when the ball is snapped that is important."

Brumbelow played high school football at Jacksboro, as a fullback, but was quickly made a guard by Matty Bell at Texas Christian University in Fort Worth when he entered college. He went on to captain the 1929 TCU team that won its first Southwest Conference championship, and was named the team's most valuable player.

Then came four years of high school coaching, two spent in El Paso, before he returned to TCU as line coach under Dutch Myer in 1935. Brumbelow had a big hand in developing the outstanding teams the Horned Frogs produced in the late 1930s and early

He entered the Navy at the beginning of World War II, and when it was over, opened a sporting goods business, but kept his hand in football by coaching during the season at Mississippi, and scouting for some of the nation's top teams until 1950, when he took the head job at the El Paso

He scouted for Mississippi, Wyoming, Southern Methodist and other teams, and was credited by Matty Bell with a large part of SMU's success against Notre Dame in 1949, when the Mustangs almost upset the outstand-

High School Tennis Coach Points to Need of Adequate Facilities in Hamlin

tennis players at Hamlin High School, submits the following ar-

Several people have asked me to write an article dealing with the tennis situation in Hamlin. The observations here do not necessarily reflect the opinion of fellow teachers, administrators or townsmen: but they are my honest observations from having consulted with a number of persons in community improvement.

First, let us notice a fact that is without debate-the tennis facilities of Hamlin are pathetic to state contests if they get the In all kindness, I must say that I have never seen a town of this size and financial means provide such miserable tennis factilities. Every day dozens of kids are turned away from the only two courts in town. This should not

We worry and shout about kids getting in trouble because they have nothing to do. Well, build cember, 93 per cent approved the some courts, put in some lights, marketing quotas for the 1956 upsponsor some tournaments, and land cotton crop and 90.5 per cent the community will not have to on December 13 voted for quotas go elsewhere to play tennis, be- on extra long staple cotton.

Doyle B. Smith, coach of the cause the kids will be on the Hamlin courts. The minor sports in this town

are all essential. Basketball, golf. volleyball, tennis and track al should have a chance. And, of all the sports that can be carried on in later life by the average person, none excels the most neglected sports of all, volleyball and

Who should build these courts? I don't know. My purpose in this article is not to solve the problem-merely to present a need. I have some boys who can ge

courts and the support. How about it? If you have the answer, we want to know it.

Drop around and see the boy in action some time.

March of Dimes Stressed at Rotary

Great strides that are being made in the continuing fight against polio, and the importance of local support of the March of Dimes were stressed by Wesley M. Nail, business manager at the Hamlin Memorial Hospital, when he spoke at the Wednesday noon luncheon of Hamlin Rotary Club.

Effectiveness of the recently perfected Salk vaccine on polio is impressive, declared Nail, who said that more than 250 police shots had been administered in the lower grades of the Hamlin schools, and more than 200 other shots had been given at the hospital. He declared that the vaccine injections are available now in limited supply for the public.

Support of the March of Dimes by the National Foundation of Infantile Paralysis, for further research and treatment of 30,0000 polio victims is imperative. Nai! declared. Nine cases of polio are being administered in Jones County, he said. J. D. (Dicky) Ferguson is drive chairman for Hamlin.

Paige Baize was recognized as the Junior Rotarian for the day.

A fine fuel—is what you'll say about Butane Gas—and economical too!

to make good on the farm, declared that he wasn't much interested In knowing better farming methods because he already knew more than he cared to carry out. The poet puts it this way:

Who learns and learns, And acts not what he knows Is like one who plows and plows But never sows.

OUR EFFORTS at publishing a newspaper are often words of commendation. Because we try to maintain a well written editorial page, where we carry of the day—a policy not followed much any more by the weekly newspapers-we especially appreciate what a reader had to say in a letter last week

Moyne L. Kelly, representative from the 85th Representative District, had this to say:

"I have been receiving my Hamlin Herald regularly and I have learned to appreciate it very much. Frankly, I do not think there is another paper anywhere of the same size and caliber that can surpass it. The editorial page is far above anything I have seen in papers of equal level and sta- phases of union activity.

"Keep up the good work. You homes.

OUR MARCH OF DIMES BUYS LOTS OF THINGS

Since the close of the wars, a number of the drives for funds have not been pressed in the Hamlin community, such as major donations for the Salvation Army, the U.S.O (United Service Organization) and others. But a number of other campaigns for funds con tinue to reed our support for funds. One of the principal drives that is noteworthy is the annual March of Dimes

Proceeds from the March of Dimes are used right here at home, with only a small proportion being sent out of the county. Our own children and our neighbors' children receive direct benefit through vaccination and actual assistance.

In 1955—the year in which the Salk polio vaccine was given to the world by March of Dimes research—some 30,000 Americans were stricken with infantile paralysis. Itw as the eighth consecutive year of the worst polio epidemics of all time. Millions of thildren were protected through vaccine supplied by the March of Dimes. But, among the unprotected, polio still tookits terrible toll.

No vaccine can help the stricken. They arec rippled now. Their victories do not make headlines. The smallest movement of a

finger . . . a few blessed hours out of an iron lung . . . learning to breathe by gulping air, like a frog . . . taking a single step on

These are the small conquests that spark the existence of the stricken. These are the victories over polio which they earn through the courageous effort—and your help in the March of Dimes.

Step by step, aided by the March of Dimes, those once without hope are hitting targets which, for them, spell victory over polio.

Their flight is a costly one. In 18 years, your March of Dimes has provided more than \$223,000,000 in patient aid alone. The result: Human lives saved-men, women and children who will work and play again, free from the insult of crippling polio.

To live again—this is the ultimate goal of the stricken—to be a person again . . . to support a family, to keep house, to go to school. These are victories over polio which must be won today, tomorrow and for years to come—through the March of Dimes.

Hamlin community people, cognizant of the great work being done against polio, will give generously this month to the March of Dimes. Of this we are certain.

A Challenge for Us

Is there a place in our town for the young man? Is it true that "young folks don't have a chance in our town?" If a boy's father does not have a good farm or a well established business into which he can step, what are the opportunities?

Our boys go away to college or perhaps they seek work as they finish high school. In either case, is there a place for them here? Are they staying to make the town bigger and beter or do they find opportunity so restricted here that they are compelled to leave in order to use their abilities? Have we done all we could to provide opportunities?

And, while we have not spoken of them, we are thinking of our daughters. too. What does the future hold for them in our town, if the vast majority of our wide-awake, capable and progressive young men go elsewhere to make their lives? There is a challenge there for all of us as citizens of this town. Can we meet it?

Haste Makes Waste

"Haste makes waste" is a copybook maxim as familiar to most of us as a pair of old shoes. And it's no wonder, for the idea is a very old one in our culture.

The sentiment appears as early as the first century in the writings of Plutarch. And the phrase, "Haste maketh waste," apparently had been in the English language a long time when, in 1546, it was published in a collection of English proverbs and colloquial sayings.

When any folk saying survives through the years as this one has, the reason quite possibly may be that the saying expresses some basic

Certainly we can find plenty of truth in the old, simple phrase when we apply it to our modern, complex traffic picture. For on our streets and highways haste often makes waste.

According to the Texas Safety Association, nearly three out of 10 drivers involved in fatal traffic accidents in 1953 were violating a speed law-either exceeding stated speed limits or driving too fast for conditions. And this figure, of course, does not include accidentsw hich resulted only in injury or property

So it might be said, in traffic, that speed wastes, lives. And that it also wastes work, fime and health. And that it run up an annual bill of damage to property. Then, too, it has been established that fast speeds of motor vehicles take more gasoline and oil, wear out tires faster than would the same distance traveled at slower speeds.

Forethought Is Vital

"Really, now you ask me," said Alice very much confused, "I don't think . . ." "Then dition released this week by the you shouldn't talk," said the Hatter.

All of us should follow the advice of the Hatter and think before we talk. Especially should be think before we speak of others in a critical manner. Petty criticism lowers this week. you in the estimation of the person to whom you are talking; and in addition it destroys confidence, as he feels that soon you will be criticizing him.

Think before you talk. A leading civic club has a wonderful code of ethics that typifies what we are trying to say: "To be careful with my criticisms and liberal with my praise; to build up and not destroy."

Editorial of the Week

SHIPPING WGT. 3 LBS.

We hold no particular brief for mail order buying. In fact, if pressed we would probably answer: Stretch a point to buy from the man around the corner, letting him who serves you best serve you most. Nevertheless, we must admit that there are no better consumer guides than catalogs of the big American mail orde rhouses. Price-wise, that is. About how much should one pay for items x, y or z? Look them up in the catalog. Then work from

But the mail order catalog, we learn, has other virtues: One as a weapon to counter Communist propaganda and claims. An official of the United States Chamber of Commerce just returned from abroad says that when American mail order catalogs are displayed in Berlin, just across the street, so to speak, from the Iron Curtain, they have had to be chained to the tables.

There it isn't so much a matter of comparative price on available items. Probably most of the items aren't available-at least not across the Iron Curtair in response to an order form. It's a matter of such fabulous thousands of such fabulous articles just existing—a matter of there being lands where people are invited to step up and take their pick, of the implication that that's exactly what millions of people actually do.

Yes, the mail order catalog is a weapon all right. It's a weapon even in its native land against husbands getting at doing the things they know ought to be done around the house. Our warning it: Unless you have time on your hands, don't start locking at a mail order catalog.—The Christian Science Monitor.

BIGGEST OF THE BIG 3 -and mighty proud of it!

We've said it before, and we'll say it again:

If you can afford any new car, you can afford a Buick - and the sales figures make the proof of that stronger and stronger.

Just ask yourself: which cars would normally be in the top 3 of America's best sellers? The well-known smaller cars-naturally.

But which cars are in that Big 3? Two of the well-known smaller cars, and Buick-for over two years running now.

That means Buick prices are well within reach of more and more people-thanks primarily to the budget-tagged Buick Special, like the one pictured above.

And that's the whole point of the

For this low-priced Buick Specialso close in cost to the smaller cars - is so much more automobile for the money, it's the stand-out buy of

It's the biggest of the Big 3 in power thrill, in comfort, in size and breadth and luxury and sheer roadability.

It's the biggest of the Big 3 in the solidity and softness of its all-coilspring ride-in the sweep of its styling - and in the pure thrill of its performance.

For where else but in Buick can you

get the nimble getaway, the gassaving mileage, the electrifying switch-pitch action and the absolute smoothness of the new Variable Pitch Dynaflow?*

Come in to see and drive the biggest bundle of high-powered beauty and energy ever offered in Buick's lowest-priced Series.

It's proud we certainly are to be able to offer so much car for the moneybut nothing to how proud you'll be when you boss a new Special. Can you come in tomorrow?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick build's today. It is standard on Roadmaster, Super ar Century-optional at modest extra cost

Dodge presents...The TEXAV"

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttiest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too . . . specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious . . . rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

The Texan

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier_you feel safer_in THE BIG MA

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling.

BIG 4 OF THE BIG M

Easier riding and handling on sharp turns-new comfort on bumpy roads—widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel THE BIG M's reflex action firsthand—how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of THE BIG M's new SAFETY-SURGE V-8 engine—how it takes the tension out

of passing, makes hill-climbing as effortless as breathing.

You'll discover the new peace of mind provided by THE BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

1 NEW REFLEX-ACTION PERFORMANCE.

THE BIG M responds to your every command-go, stop, climb, pass—quick as an athlete's reflex. On all roads and curves, Mercury adjusts instantly, automatically, for your ease and comfort.

2 BIG M BEAUTY. New long, low profile. Distinctive Flo-Tone color styling. Clean-lined beauty for young-minded people.

3 NEW SAFETY-FIRST DESIGN. Widest choice of safety features; impact-absorbing steering wheel, safety door locks at no extra cost;

padded instrument panel, safety belts, optional. 4 PROVABLE VALUE. Low price when you buy-low cost while you drive. For 4 years best resale value in its field. Many dividend

features for greater performance and convenience.

For 1956_the big move is to THE BIG MERCURY

Perk up your winter menus with some of these new ideas! You'll find all the fresh fruits and vegetables...together with the other ingredients...featured at Safeway now!

FOLKS RAVE about eggburgers.
Just scramble eggs with chopped
green pepper, tomato and onion.
Season. Spoon on hot toasted buns
and pass the ketchup.

NEW TWIST to the ever-popular cinnamon toast. Toast bread and spread one side with butter. Top with thinly sliced bananas; sprinkle with cinnamon-sugar mixture and bake until bubbly.

GOOD COMPANIONS are het buttered cauliflower and creamed chipped beef. A vegetable is a nifty substitute for the usual toast.

WHAT'S COOLING? Avocados. They should be nice and chilly for the dinner appetizer made by dressing cubed avocado with equal parts of sour cream and chili sauce, spiked with lemon luice.

FOR BRIGHTER GREENS: Perk up lettuce, cabbage and other greens by plunging them in salted ice water mixed with a bit of vinegar.

SWEET IDEA this Sweet Potato Ambrosia. Mash hot sweet potatoes, adding enough orange juice to make them fluffy. Heap into casserole, dot with butter and sprinkle with coconut. Bake until coconut toasts.

ENTERTAINING IDEA: Cut potatoes into fingers as you do for French fries; scallop them your usual way and sprinkle with poppy seeds just before serving.

GO STYLISH with green beans simmered in consomme or bouillon. When they are tender but still slightly crisp, stir in hot cooked mushrooms.

Dear triends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely

HUMBLE OIL & REFINING CO.

Hamlin Memorial Fight on Polio and **March of Dimes** Stressed at Rotary

Great strides that are being made in the continuing fight against polio, and the importance of local support of the March of M. Nail, business manager at the Hamlin Memorial Hospital, when he spoke at the Wednesday noon luncheon of Hamlin Rotary Club.

Effectiveness of the recently is impressive, declared Nail, who said that more than 250 polio shots had been administered in the lower grades of the Hamlin schools, and more than 200 other shots had been given at the hospital. He declared that the vac cine injections are available now in limited supply for the public.

Support of the March of Dimes by the National Foundation of Infantile Paralysis, for further repolio victims is imperative. Nai being administered in Jones County, he said. J. D. (Dicky) Ferguon is drive chairman for Hamlin.

Paige Baize was recognized as the Junior Rotarian for the day.

left side where only the

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this

one will show you why. Suppose you are in the right-hand lane on an expressway . . . four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in eight seconds flat you're four lengths ahead of that moving truck and back

in your own lane! That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle"

learn why it's today's biggest buy of all fine cars! Chrysler can deliver . . . with its great airplanetype V-8 engine.

And that's not all. There's full-time PowerPilot Steering . . . Pushbutton PowerFlite, the ultimate in automatic transmissions . . . and the big PowerSmooth Brakes that outlast others

These are just some of the exciting new things that await you the first time you pilot a "Power-Style" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!
